REFERRAL FORM

Extended Post Care Support (EPCS) is a service available to young people aged between 18 and 21 transitioning to adulthood from Queensland state care.

See full **EPCS eligibility criteria here**.

Young people who wish to stay living with their foster or kin carers after turning 18 can keep this arrangement with ongoing financial support to the carers through extension of the Care Allowance until their 21st birthday.

For young people living independently, or wishing to transition to independent living, EPCS provides financial support to set up safe, stable housing and assist with daily living costs.
